Dear Misty Iwatsu,

Re: Recycle containers in front of restaurant – consider a healthy issue.
Taco Fix Restaurant
[5831 N Figueroa St](#)
[Los Angeles CA 90042](#)

Copy of the email sent to city council, Conrado Terrazas, Jose Rodriguez on July 13, 2017

It was a pleasure meeting both of you. My name is Mike Izquierdo. I am the owner of Taco Fix restaurant next to [Monarcas](#) coffee shop. I want to thank you for hearing me out about my concern with the recycle containers placed in front of my restaurant. As I mentioned briefly it becomes a deposit for insects, flies and roaches due to the accumulation of liquid sugar containers and other liquids thrown in these belly containers.

I realize these bins were made in a positive effort for the community and environment, but as of now they are magnets for bacteria and is very unpleasant to be seen in front of restaurants. In addition, at night it attracts the homeless.

I have personally gone to the office of council Cedillo and requested the removal of the containers. I then sent an email (email attached) on July 13 , 2017 requesting the relocation of the containers. I have also made several phone calls, and yet I have not received an answer from anyone.

If possible, I'd really appreciate some help in getting this issue resolved.

Sincerely yours,

Mike Izquierdo, CEO. 2130448-5320
